

School Curriculum and Standards Authority Parents and Community Website

The School Curriculum and Standards Authority (the Authority) has developed a website to support parents and members of the community. The Parents and Community website is accessible on the School Curriculum and Standards Authority website <https://www.scsa.wa.edu.au> via a new tab – Parents and Community.

The website has been developed for parents and community members as a guide to:

- the *Western Australian Curriculum and Assessment Outline* (the *Outline*), Kindergarten through to Year 10
- the Western Australian Certificate of Education (WACE), Years 11 and 12.

The website is designed to provide information for parents and the community about:

- what children and young people should learn
- how they are assessed
- the standards children and young people are expected to reach at each year level.

The Parents and Community website promotes the role of the Authority to parents and community and provides a supportive pathway into the Authority's existing website.

The website presents information that parents often ask the Authority and will enhance their communication with schools. It has been developed with input from representatives of key parent groups and the site will continue to be developed in response to user need. Feedback and suggestions from school and community groups is welcome via the link on the website.

The Parents and Community website sits alongside the Authority's existing website, which is designed for teachers and school leaders and includes some information for senior secondary students.

The Authority encourages parents and members of the community to access the website.

The screenshot shows the website's layout. At the top, there is a navigation menu with 'The Authority', 'Kindergarten to Year 10', 'Years 11 and 12', and 'Parents and Community'. A search bar is located in the top right. The main content area features a large image of children and a teacher in a garden, with the text 'Parents and Community' overlaid. Below this is a section titled 'Who are we?' followed by text about the Authority's role and the Western Australian Values of Schooling. There are three columns of content: 'What will my child learn?', 'How will my child be assessed?', and 'How is my child progressing?', each with a small image and a 'Read more' link.
